## **For Immediate Release**

March 4<sup>th</sup>, 2009

### **Magest Building Systems Limited Awarded Contract by SalDan General Contractors Inc. for the design/engineering and fabrication of a 6 storey Co-op Housing project in Sudbury, Ontario**

**Stratford, Ontario** – Magest Building Systems Limited of Stratford, Ontario announced today that it has been awarded a sub-contract by SalDan General Contractors Inc. to design, engineer and fabricate a 6 storey Co-op Housing complex for the Raiffeisen Co-Op Housing in Sudbury, Ontario.

The 75,560 sq. ft. facility will accommodate 47 – one bedroom suites and 33 – two bedroom suites. The project is located at 117 Mont Adam, Sudbury, Ontario.

The Architect for the project is Wicklander Associates Inc. from Sudbury and the Engineer is Finelli Engineering Inc., from Burlington.

The proposed completion date is scheduled for the fourth quarter 2009.

Magest Building Systems Limited (MBSL) a wholly owned subsidiary of The Magest Group Limited, is a manufacturer of load bearing cold formed steel framing systems.

MBSL specialize in roof truss systems, wall panel systems, flooring systems and related cold formed steel accessories for assisted living facilities, the hospitality industry, nursing homes, schools, military facilities, apartment buildings and multi-residential complexes.

Our 45,000 sq. ft. offices, assembly and manufacturing facilities are located in Stratford, Ontario, Canada.
